Dan –

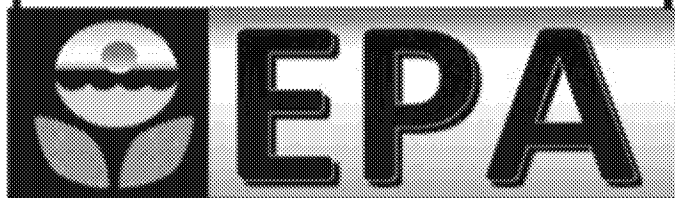

Claire and I were talking and she wanted me to pass this along. While working on a different SLN I noticed one from a state that is NOT NY that imposed more restrictive terms of use (than on the fed. label) – I'm sure there are others out there as well, though it would be difficult to find them all. The main thing is that the issue is more than just NY and dicamba.

## Ex. 5 Deliberative Process (DP)

Sorry if this is too much info or something you already noted!
